THENUCH: Chief, Requirements Branch, Reconnaissance Group, CGS FROM: Chief, CIA/PID (HPIC) SUBJECT: Suspect Solid Propellant Production Facilities Search REFERENCES: (a) Requirement C-RR-3-80,693		TOP SEGRET	i.
THROUGH: Chief, Requirements Branch, Reconnaissance Group, CGS FROM: Chief, CIA/PID (NPIC) SUBJECT: Buspect Solid Propellant Production Facilities Search REFERENCES: (a) Requirement C-RR-3-80,693 (b) CIA/PID Project C-1473-63 1. This memorandum is in response to your requirement dated 11 October 1963 requesting a search of 51 installations which may be associated with the solid propellant program. 2. Solid propellant facilities at forty-nine of the fifty-one installations can be negated between Porcosk and Rech have plants which have some similarities to those at the previously identified have plants which have some similarities to those at the previously identified near these plants. Following is a list of the forty-nine negated facilities and 3. The photo analysts on this project are and they may be contacted on extension 2079 should you have any questions concerning this project.		M/EB 489/63 15 November 1.963
